

KSI Homework activities

<p>Draw a picture of a character from your class story book, reading book or library book. Write a character description using adjectives and similes. e.g. tall, black, spiky. As tall as a giraffe</p> 	 <p>Task 1 - Read your reading book and write a book review. Task 2 - Write some questions for your grown-ups to answer.</p>	<p>Do some baking with your mum, dad or another grown-up. Help them with the measuring, weighing and adding ingredients. Then write some instructions to tell us how to bake!</p> 
<p>Ask an adult to make up some addition and subtraction number sentences for you to complete. Now, create a poster with the rules for how we can add an  subtract. </p>	<p>Think about your reading book. Where is the story set? Write a setting description using descriptive language. Don't forget to use your 5 senses!</p>	<p>Task 1- Practise your spellings and put them into sentences. Task 2- Test yourself What other fun and exciting ways can you practise your spellings?</p>
<p>Practise and use your phonics! Be a detective and look for phonemes, digraphs, trigraphs and alternate sounds in your reading book. Make a list!</p>	<p>Y1- Practise counting in 2s, 5s & 10s. Y2- Practise your 2s, 5s and 10 Times Tables. Make a poster showing what you have learned!</p>	<p>While you are at home, write a diary every night. Make sure you include your thoughts and feelings. You might want to add some illustrations.</p>
<p>You are an author. Write a story based on a story that you know. Make it into a little book that you could share with your family</p>	<p>Design a new front cover for your favourite book and write a blurb to go with it.</p> 	<p>Find some objects in your house. Measure them with a ruler. Write down the measurement.</p>

Creative Project work -

Y1 What did a telephone look like when your parents were children? Find out about the history of any household items and tell us about these!

Y2 Have you wondered how human beings were able to fly? Who invented the first flying machine/aeroplane? Tell us!

Be as exciting and creative as you can! You could make 3D models!
